STRATEGIC PLAN

Your future is our passion.

Northwest Allen County Schools

A NOTE FROM THE SUPERINTENDENT

Dear Northwest Allen County Schools Community,

We are proud to share the work of the dedicated constituents who spent the last year developing a strategic plan to improve the experiences of students, families, staff, and the community of NACS. This new strategic plan will serve as a foundational tool to provide high level direction for NACS for years to come.

The fundamental goal of the NACS Board of School Trustees' strategic planning effort was grounded in community engagement. We used feedback from students, staff, families, and community members to craft our strategic direction, keeping students at the center of our work. Our primary focus areas will include community and belonging, personalized learning experiences, student and staff wellness, and trust and transparency.

This plan will be a living document to help us achieve our vision of a strong community where all can belong, grow, connect, and lead. We will adjust as needed and provide updates as we progress through implementation to ensure our work continues to reflect the diverse needs of our students, families, staff, and community.

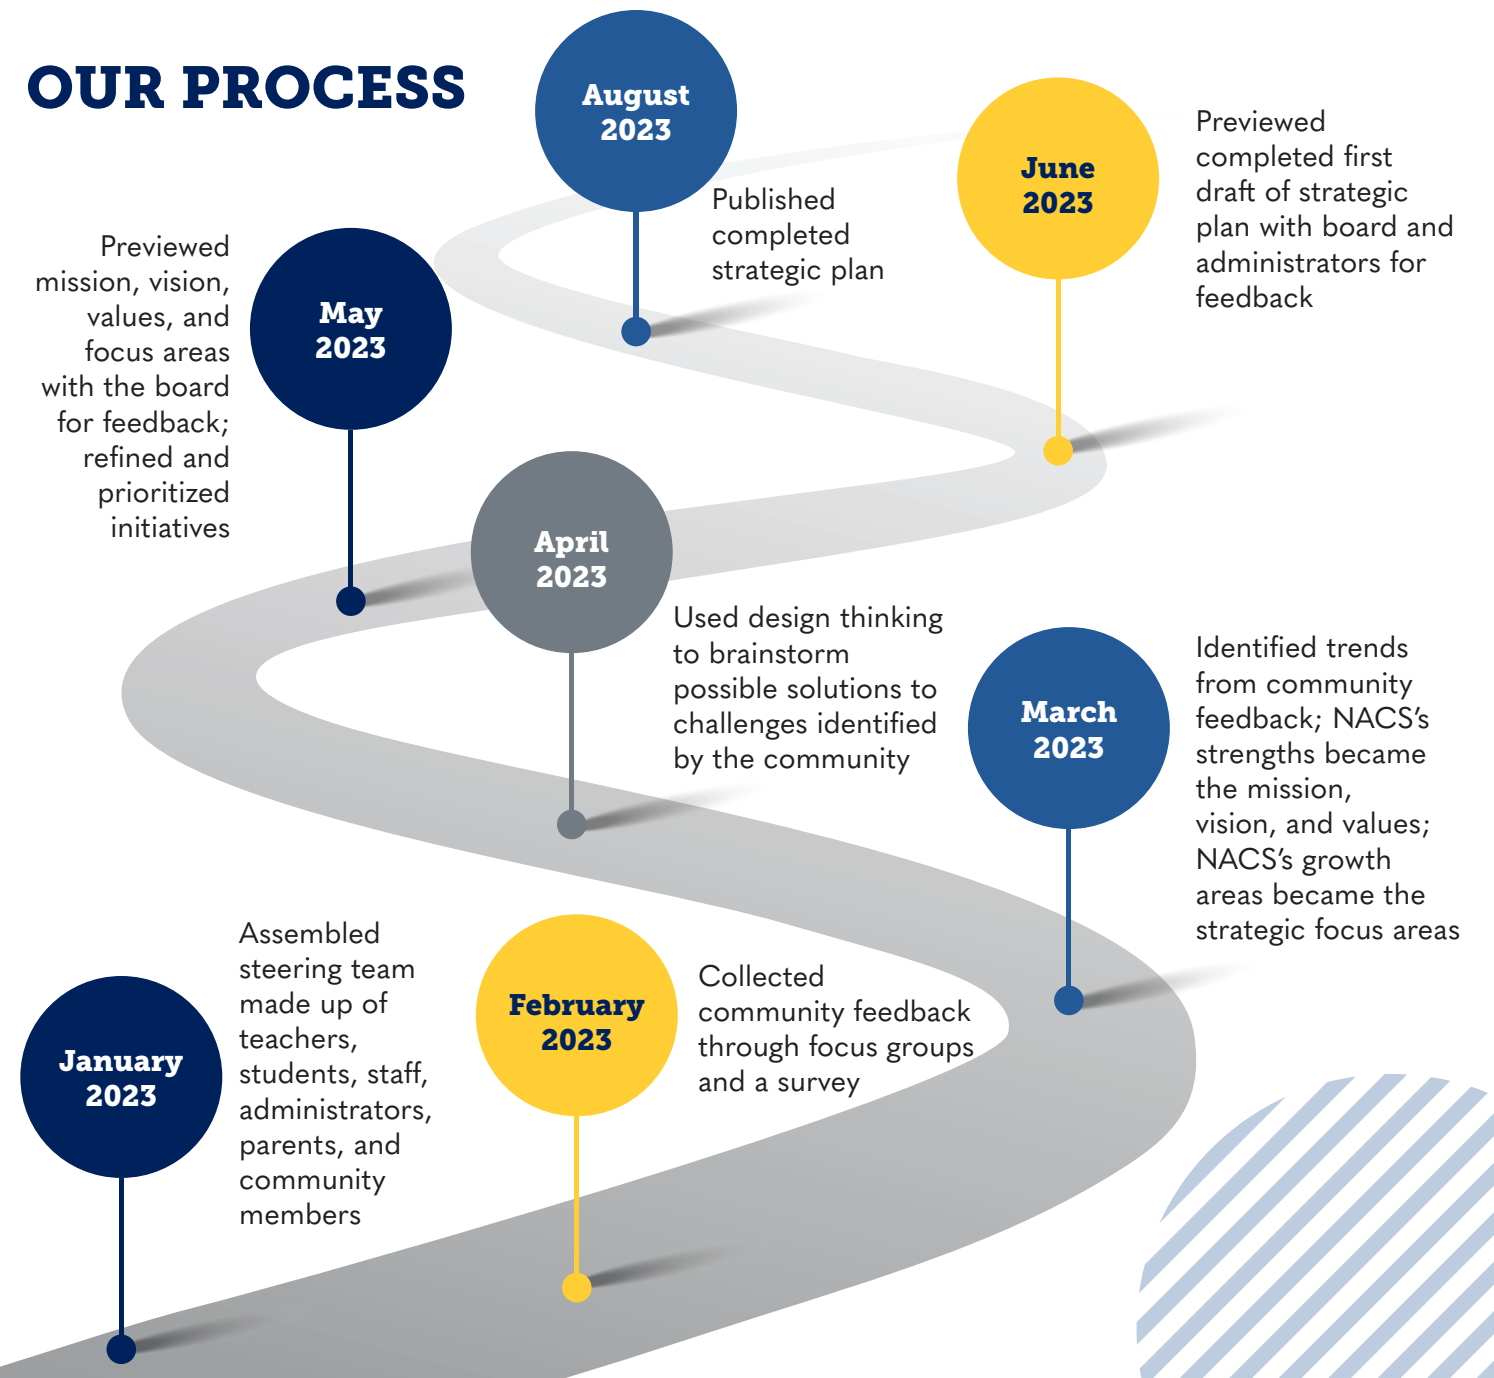

Thank you for making this NACS community so special. We hope you see yourself through this document.

Your future is our passion, and we are committed to ensuring a high-quality personalized education for every student.

Sincerely,

Wayne Barker
Superintendent
