 **Saint Mary's College**
NOTRE DAME, IN

Be a Belle

A 175-year connection

The College was established by the Sisters of the Holy Cross who came from France at the request of Father Edward Sorin, founder of the University of Notre Dame. In 1882, the sisters, our students, and our alumnae all helped gift the statue of the Virgin Mary that sits atop the famed Golden Dome at Notre Dame — a visible sign of the 175-year-strong partnership between the schools that continues today.

Connected to Others

At Saint Mary's, you get all the benefits of a women's college and can extend your co-ed social experiences and educational opportunities by taking classes, joining clubs, and attending football games across the street at Notre Dame.

Those connections also exist in the greater South Bend community through meaningful service work, internships, and career opportunities. Ask a counselor what opportunities await you in Notre Dame and South Bend, Indiana!

A Belle is...

Engaged in Learning

Saint Mary's only offers small classes taught by talented professors giving you direct connection to faculty and peers not typically found at other colleges and universities. Coupled with strong academic programs that develop critical thinking and communication skills, we ensure every student is well prepared to excel in her career — and in life.

510 CLUBS AND ACTIVITIES at Saint Mary's and Notre Dame

Spiritually Centered

Saint Mary's women are faithful and responsive because they know that social justice, equality, and the human dignity of all — pillars of the Catholic faith — are not things to be found or discovered, but to be acted upon. Whether you are Catholic or not, you can live your faith and develop your spirituality here.

An Empowered Person

Attending a women's college gives you an incredible experience and a real advantage upon graduation. In this environment, women are highly engaged in discussions, involved in comprehensive research, and are encouraged to share thoughts and ask questions.

51% of Saint Mary's students **STUDY ABROAD**

Globally Aware

To change the world, you must first understand it. That's why we encourage you to study globally for a summer, semester, or even a year. Come join the journey and see where in the world your studies might lead you!

"I never thought I'd go to a women's college. . . Now I can't imagine having gone anywhere else."

READY TO *get started?*

GO HERE! saintmarys.edu/apply

Here's what we need from you:

- ✓ Common App with essay
- ✓ Official high school transcript
- ✓ SAT or ACT scores (optional*)
- ✓ Secondary school report

*SAINT MARY'S IS TEST OPTIONAL

Numbers don't always show your determination, strengths, and talents. So we offer an option to omit SAT and ACT test scores. International students are not eligible.
